

Government College of Engineering, Kalahandi

Notice

Date: 26th September, 2020

Dear Students

In order to enhance employability and improve placement of students, students need to be imparted with requisite hands on training on recent emerging IT-ITES future skill technology like Robotics that have huge potential for engineering graduate in coming 2-3 years.

All the students are informed that as per circular from **National Project Implementation Unit (NPIU)** our college is organising a student-training programme at institute level on the topic “**Robotics and Automation**”. This will be a multidisciplinary program (i.e. students of all branches are eligible to participate) moreover any student who has completed the First year of their degree are eligible to attend it free of cost. The training curriculum has both components of theory and lab in 50-50% and on completion of the Course you will have to appear in an exam conducted by **NASSCOM** to achieve final Course Completion Certificate.

The instructors of this student-training programme are:

Ankur Tiwari
Assistant Professor
MED, GCE Kalahandi

Mihir Kumar Nath
Assistant Professor
EED, GCE Kalahandi

Ashutosh Kumar Tiwari
Assistant Professor
MED, GCE kalahandi

Those who are willing to participate can register in the google form link provided below.
